Nota di contenuto	Trading vehicles, stock, ETF's, futures and forex -- Determining market condition: bullish, bearish, or neutral -- How to read oscillators to spot overbought or oversold conditions -- Momentum changes: how to spot divergence or convergence -- Pivot points: determine key price support and resistance areas and the importance of confluence -- Pivot point moving average system -- Candle charts and top reversal patterns -- Setups and triggers: combining candles and pivots -- Risk management: setting stops -- Projecting entry and exit points: learn to scale out -- The sample analysis: the proof is in the back-testing -- Confidence to pull the trigger comes from within.
Sommario/riassunto	In his first book, A Complete Guide to Technical Trading Tactics, John Person introduced traders to the concept of integrating candlestick charting with pivot point analysis. Now, in Candlestick and Pivot Point

Trading Triggers, he goes a step further and shows you how to devise your own setups and triggers-in the stock, forex, and futures markets-based on a moving average approach. Note: Website and other supplementary materials are not included as part of eBook file.
