Bulbous Plants for Use in Designed Landscapes; 25 Herbaceous  
Perennials; 26 Amenity and Sports Turf Seed  
27 The Management of Amenity GrasslandsIndex; Plant Index

---

**Sommario/riassunto**

An invaluable reference source on soft landscape specification for professional landscapers. Each topic is written by a leading specialist in the field and covers technical data with practical guidance. Ecological characteristics, selection, procurement, elements of planting design, site preparation, establishment and maintenance are all considered.
