	Sommario/riassunto	To date, non-medical researchers, particularly those working in nursing and allied health, have suffered from a general lack of good, strategic advice on how to build their careers. Designed to assist readers in building their careers, A Self-fulfilling Prophecy: Building a Successful Career in Health Research, is a fascinating insight into author Simon Stewart's, career as a health researcher. Using his unique experiences

as a basis for the book, Stewart helps identify and overcome the many different obstacles of building an effective career framework. The book breaks down the key to
