Sommario/riassunto	Later career, 'the second half of the game', is not, as it is often perceived to be, a period of decline or a black hole, but an inspirational time of Generative Leadership and a challenging opportunity for better tactics. This book explores common fears and uncertainties about the second half of the game, enabling you to feel comfortable exploring opportunities previously outside of your comfort zone and feel confident about your future. The common language and frameworks will help you to influence your organisation to create innovative new models and opportunities around leadership, b
