#### Sommario/riassunto

Today more than ever before in the history of the poultry industry there is a concerted effort to improve the working relationship between the grower and the integrator. Teamwork in Poultry Production picks up where Larry Cole's previous book, Communication in Poultry Grower Relations, left off. While the first book concentrated on organizational improvement, this book focuses on the specific interpersonal skills needed in the industry to create a synergistic working relationship-a topic which, until now, has been largely ignored. Written in a down-to-earth training style
