Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Web site maintains weekly reports for the current month only. Some issues distributed to depository libraries on microfiche, <1986-1996>
Sommario/riassunto	This publication serves as a timely early warning system on the possible impact of agricultural obligations on U.S. supplies and prices. The data can be used, for example, to assess the level of export demand, to determine where markets exist, and to assess the relative position of different commodities in those markets.
