Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Schopenhauer's theoretical philosophy -- pt. 2. Schopenhauer's practical philosophy -- pt. 3. Schopenhauer in perspective.
Sommario/riassunto	""Robert Wicks offers a highly accessible introduction to Schopenhauer's philosophy, giving prominence to the central ethical notions of tranquility and wanting less, which he compares in illuminating fashion with Buddhism."" -Chris Janaway, University of Southampton ""Robert Wicks' <i>Schopenhauer</i> is a perspicacious and perspicuous elucidation of the great pessimist's thoughts. This is a fine work of philosophical scholarship, valuable for those approaching Schopenhauer for the first time and for those who have been with him for years."" -David Cartwright, University of Wisc
