Sommario/riassunto	An examination of various discourse genres, showing how choices among linguistic resources are mediated by self-expressive choices. Linguistic consistency across various situations is discussed with the question of how, if language is fundamentally idiosyncratic, people can understand one another.

2. Record Nr.	UNINA9910144463403321
Titolo	Journal of fish diseases
Pubbl/distr/stampa	[Oxford, England], : Blackwell Science
