Sommario/riassunto	"In the last fifty years, one man stands out as the driving force behind the quality revolution - Genichi Taguchi. Now, for the first time in one volume, Taguchi's Quality Engineering Handbook presents all the methods and beliefs that have made Taguchi one of the most respected authorities on quality engineering and management in the world." "No other single volume presents the full breadth of founding beliefs behind the successful engineering practices used by today's leading companies."--Jacket.
