

1. Record Nr.	UNINA9910144661603321
Titolo	Lipids, malnutrition & the developing brain : a Ciba Foundation Symposium jointly with the Nestle Foundation in memory of Sir Norman Wright
Pubbl/distr/stampa	Amsterdam ; ; New York, : Associated Scientific Publishers, 1972
ISBN	0-470-71986-9 1-280-78317-6 9786613693563 0-470-71752-1
Descrizione fisica	1 online resource (xii, 326 pages) : illustrations
Collana	Ciba Foundation symposium
Altri autori (Persone)	WrightNorman <1900-1970.>
Disciplina	616.3/99
Soggetti	Developmental psychobiology Malnutrition Lipids in nutrition
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	The developing brain and the damage inflicted by malnutrition : an introduction / Alexander Von Muralt Vulnerable periods of brain development / John Dobbing The role of fatty acids in myelin and other important brain structures / D. Chapman Types of fatty acids in brain lipids, their derivation and function / J.F. Mead, G.A. Dhopeswarkar Biosynthesis of the myelin sheath / A.N. Davison Genetic disorders of myelination / N.A. Baumann, J.M. Bourre, C. Jacque, S. Pollet Critical periods in brain development / N. Herschkowitz, E. Rossi Effects of essential fatty acid deficiency on the central nervous system in the growing rat / R. Paoletti, C. Galli Effects on offspring of maternal malnutrition in the rat / L. Svennerholm, C. Alling, A. Bruce, I. Karlsson, O. Sapia Polyenoic fatty acid metabolism of phosphoglycerides in developing brain / Joseph Bernsohn, Steven R. metabolism of brain tissue in culture / John H. Menkes Malnutrition and cellular growth in the brain : existence of critical periods / Myron Wlnick, Pedro Rosso, Jo Anne Brasel Evaluation of modern foods as sources of lipids / U.M.T. Houtsmuller Malnutrition and mental retardation : conceptual issues /

Francisco Cobos Cross-cultural evaluation of human intelligence /  
Robert E. Klein, Barry M. Lester, Charles Yarbrough, Jean-Pierre Habicht  
Nutritional influences in the evolution of mammalian brain / M.A.  
Crawford, A.J. Sinclair Looking back / Alexander Von Muralt
