Working as a professional : standards for professional practice /
Melanie Jasper.

Sommario/riassunto

With current Government targets to increase health and social care practitioners, there is an increased need for informed mentors and preceptors to support the development of the students and new health professionals. Enabling learning in nursing and midwifery practice: A guide for mentors seeks to underpin recent mentoring initiatives, exploring the impact of mentoring, supervision and preceptorship on professional practice, covering principles that underpin effective learning and providing practical guidance on mentoring and assessment strategies within practice settings.<b
