

1. Record Nr.	UNINA9910144674403321
Titolo	Evidence-based medical monitoring [[electronic resource]] : from principles to practice // edited by Paul P. Glasziou, Les Irwig, Jeffrey K. Aronson
Pubbl/distr/stampa	Malden, Mass. ; ; Oxford, : Blackwell Pub./BMJI Books, 2008
ISBN	1-282-12286-X 9786612122866 0-470-69632-X 0-470-69561-7
Descrizione fisica	1 online resource (376 p.)
Altri autori (Persone)	GlasziouPaul <1954-> AronsonJ. K IrwigLes
Disciplina	616.07/5
Soggetti	Patient monitoring Chronic diseases - Treatment Evidence-based medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Evidence-based medical monitoring: From principles to practice; Contents; Contributors; Part I The Theory of Monitoring; INTRODUCTORY MATERIAL; THE MEASUREMENT; THE CONTROL PHASES; THE PSYCHOLOGY OF MONITORING; THE EVALUATION OF MONITORING TECHNIQUES; Part 2 The Practice of Monitoring; 16 Monitoring diabetes mellitus across the lifetime of illness; 17 Oral anticoagulation therapy (OAT); 18 Monitoring cholesterol-modifying interventions; 19 Monitoring levothyroxine replacement in primary hypothyroidism; 20 Monitoring in renal transplantation; 21 Monitoring in pre-eclampsia 22 Monitoring in intensive care 23 Monitoring intraocular pressure in glaucoma; 24 Monitoring in osteoarthritis; Index
Sommario/riassunto	Monitoring is a major component of management of chronic diseases such as diabetes, cardiovascular disease, arthritis and depression. Yet poor monitoring means healthcare costs are rising. This book discusses

how monitoring principles adopted in other spheres such as clinical pharmacology and evidence-based medicine can be applied to chronic disease in the global setting. With contributions from leading experts in evidence-based medicine, it is a ground-breaking text for all involved in delivery of better and more effective management of chronic illnesses.
