Science's Place in Antidiscrimination Law and PolicyIndex

Sommario/riassunto

Beyond Common Sense addresses the many important and
controversial issues that arise from the use of psychological and social
science in the courtroom. Each chapter identifies areas of scientific
agreement and disagreement, and discusses how psychological science
advances our understanding of human behavior beyond common
sense.Features original chapters written by some of the leading experts
in the field of psychology and law including Elizabeth Loftus, Saul
Kassin, Faye Crosby, Alice Eagly, Gary Wells, Louise Fitzgerald, Craig
Anderson, and Phoebe EllsworthThe 14 issues add
