#### Sommario/riassunto

Disruptive and aggressive behaviour in children causes significant distress to everyone involved. Tradition interventions tend to focus on changing the disruptive behaviour itself, but research shows that it is important to also focus on the underlying anxiety, anger and vulnerability that may have contributed to the child's conduct. In this innovative book, Hermione Roff introduces Reflective Interpersonal Therapy for Children and Parents (RICAP), a new intervention that looks at the processes underpinning disruptive and aggressive behaviour problems. RICAP was developed specifically t
