1. Record Nr.   UNINA9910144722803321

   Autore   Paolella Marc S

   Titolo   Fundamental probability : a computational approach

   Pubbl/distr/stampa   [Place of publication not identified], : John Wiley, 2006

   ISBN   0-470-03535-8

   Classificazione   31.70

   Disciplina   519.2

   Soggetti   Probabilities - Data processing
                                    Mathematical Statistics
                                    Mathematics
                                    Physical Sciences & Mathematics

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Note generali   Bibliographic Level Mode of Issuance: Monograph

   Nota di contenuto   Combinatorics -- Probability spaces and counting -- Symmetric spaces
                                    and conditioning -- Univariate random variables -- Multivariate
                                    random variables -- Sums of random variables -- Continuous
                                    univariate random variables -- Joint and conditional random variables
                                    -- Multivariate transformations.
