

1. Record Nr.	UNINA9910144833203321
Autore	Denny H. R
Titolo	A guide to canine and feline orthopaedic surgery // Hamish R. Denny, Steven J. Butterworth
Pubbl/distr/stampa	Oxford ; ; Malden, MA, USA, : Blackwell Science, c2000
ISBN	1-282-34252-5 9786612342523 0-470-69902-7 0-470-69845-4
Edizione	[4th ed.]
Descrizione fisica	1 online resource (641 p.)
Altri autori (Persone)	ButterworthSteven J
Disciplina	636.089715 636.7089747
Soggetti	Dogs - Surgery Cats - Surgery Veterinary orthopedics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	A Guide to Canine and Feline Orthopaedic Surgery; Contents; Preface; SECTION 1 GENERAL; 1 Fracture healing; 2 Bone grafts; 3 Healing of soft tissue injuries; 4 Osteochondrosis; 5 Intervertebral disc disease and spinal cord injury; SECTION 2 JOINT DISEASE; 6 Classification and investigation of joint disease; 7 Osteoarthritis; 8 Immune-mediated polyarthritides; 9 Infective (septic) arthritis; 10 Joint-related neoplasia; SECTION 3 FRACTURE MANAGEMENT; 11 Classification of fractures; 12 Options in fracture management; 13 Fracture complications; 14 Open fractures 15 Treating fractures in immature patientsSECTION 4 THE SKULL AND SPINE; 16 The skull; 17 Neurological examination; 18 Differential diagnosis; 19 Further investigation of spinal diseases; 20 Peripheral nerve injury; 21 Spinal fractures and luxations; 22 Atlantoaxial subluxation; 23 Cervical disc disease; 24 Cervical spondylopathy; 25 Thoracolumbar disc disease; 26 Lumbosacral disease; 27 Discospondylitis; 28 Neoplasia of the vertebral column; 29 Miscellaneous conditions of the spine; SECTION 5 THE FORELIMB; 30

Examination and differential diagnosis of forelimb lameness; 31 The shoulder
32 The humerus 33 The elbow; 34 The radius and ulna; 35 The carpus;
36 The manus; 37 Forelimb amputation; SECTION 6 THE HINDLIMB; 38
Examination and differential diagnosis of hindlimb lameness; 39 The
pelvis; 40 The hip; 41 The femur; 42 The stifle; 43 The tibia and fibula;
44 The tarsus; 45 The pes; 46 Hindlimb amputation; SECTION 7
MISCELLANEOUS ORTHOPAEDIC CONDITIONS; 47 Nutritional bone
disease; 48 Non-nutritional bone disease; 49 Myopathies; 50 Peripheral
neuropathies; 51 Bone neoplasia; Index

Sommario/riassunto

This successful book, first published in 1980 and now in its fourth edition, provides an authoritative guide for busy practitioners trying to keep pace with current trends in small animal orthopaedic surgery. In this new edition Hamish Denny and Steven Butterworth have retained the same practical approach but have completely rewritten and updated the book to provide a comprehensive review of orthopaedic and spinal conditions in the dog and cat. The illustrations have also undergone a major overhaul and the many line drawings are now combined with photographs and radiographs to clarify diagnosis
