The palatability of healthy eating advice 10 Being told what to eat: conversations in a Diabetes Day Centre; 11 Health, eating and heart attacks: Glaswegian Punjabi women's thinking about everyday food; 12 Scaremonger or scapegoat? The role of the media in the emergence of food as a social issue; 13 Declining meat: past, present ... and future imperfect?; Index |
| Sommario/riassunto      | By addressing the issue of food and eating in Britain today, this book considers the way in which our food habits are changing, and shows how social and personal identities and perceptions of health and risk influence choices.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
