1. Record Nr.   UNINA9910144918503321

   Titolo   From Multimedia Services to Network Services [[electronic resource]] :
                        4th International COST 237 Workshop, Lisboa, Portugal, December 15-
                        19, 1997. Proceedings / / edited by Andre Danthine, Christophe Diot

   Pubbl/distr/stampa   Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer,
                        , 1997

   ISBN   3-540-69671-7

   Edizione   [1st ed. 1997.]

   Descrizione fisica   1 online resource (XII, 188 p.)

   Collana   Lecture Notes in Computer Science, , 0302-9743 ; ; 1356

   Disciplina   006.7

   Soggetti   Computer networks
                        Application software
                        Multimedia systems
                        Electrical engineering
                        Computer Communication Networks
                        Computer Applications
                        Multimedia Information Systems
                        Information Systems Applications (incl. Internet)
                        Communications Engineering, Networks

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Note generali   Bibliographic Level Mode of Issuance: Monograph

   Nota di contenuto   Operator based composition of structured multimedia presentations --
                        SECCO — support environment for electronic commerce -- A bridge for
                        heterogeneous communication between CORBA and DCE -- Distributed
                        connection management for real-time multimedia services --
                        Evaluation of different video encryption methods for a secure
                        multimedia conferencing gateway -- The FreeBSD audio driver -- Cell
                        discarding mechanisms with minimum flow quality -- Implementing
                        the digital storage media — command and control (DSM-CC) standard
                        in the framework of an on-line service -- Resource selection in
                        heterogeneous communication environments using the teleservice
                        descriptor -- AMnet: Active multicasting network -- Impact of virtual
                        group structure on multicast performance.

   Sommario/riassunto   This book constitutes the refereed proceedings of the 4th International

COST 237 Workshop, held in Lisboa, Portugal, in December 1997 of the European COST Programme on Multimedia Telecommunication Services. The 12 revised full papers presented were selected from 24 submissions. The topics covered include multimedia presentation, QoS Control, electronic commerce, CORBA and DCE, real-time multimedia, multimedia conferenceing, multicast networking, heterogeneous communications environments, and others.
