Sommario/riassunto

Cities, War and Terrorism is the first book to look critically at the ways in which warfare, terrorism and counter-terrorism policies intersect in cities in the post Cold-War period. A path-breaking exploration of the intersections of war, terrorism and cities
Argues that contemporary cities are the key strategic sites of geopolitical conflict
Written by the world's leading analysts of the intersections of urban space and military and terrorist violence
Draws on cutting-edge research from geography, history, architecture, planning, sociology, critical
