

1. Record Nr.	UNINA9910145696603321
Titolo	The handbook of geographic information science // edited by John P. Wilson and A. Stewart Fotheringham
Pubbl/distr/stampa	Malden, Massachusetts : , : Blackwell Publishing, , 2008 ©2008
ISBN	1-78402-098-2 1-281-06901-9 9786611069018 0-470-69081-X 0-470-76653-0
Descrizione fisica	xviii, 634 p. : ill
Collana	Blackwell Companions to Geography ; ; Volume 7
Classificazione	74.03
Disciplina	910.285
Soggetti	Geography - Data processing Geographic information systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Contents -- List of Figures -- List of Contributors -- Geographic Information Science: An Introduction -- Part I Data Issues -- 1 The Availability of Geographic Data: The Current Technical and Institutional Environment -- 2 Social Data -- 3 Remote Sensing -- 4 Spatialization -- 5 Uncertainty in Spatial Databases -- 6 On the Identification of Uncertainties in Spatial Data and Their Quantification with Probability Distribution Functions -- Part II Database Trends and Challenges -- 7 Object-Oriented Database Management Systems -- 8 Adding the Z Dimension -- 9 Adding Time into Geographic Information System Databases -- 10 Geospatial Data Integration -- Part III Visualization -- 11 Mapping in a Digital Age -- 12 Generalization of Spatial Databases -- 13 Geographic Information Systems and Surfaces -- 14 Fuzzy Classification and Mapping -- 15 Rule-Based Mapping -- 16 Multivariate Geovisualization -- 17 Virtual Reality in Geographic Information Systems -- Part IV Knowledge Elicitation -- 18 Inference and Spatial Data -- 19 Geographic Data Mining and Knowledge Discovery -- 20 The Geospatial Semantic Web -- Part V Spatial Analysis

-- 21 Quantitative Methods and Geographic Information Systems -- 22  
Spatial Cluster Analysis -- 23 Terrain Analysis -- 24 Dynamic Modeling  
-- Part VI Geographic Information Systems and Society -- 25  
Institutional Geographic Information Systems and Geographic  
Information Partnering -- 26 Participatory Geographic Information  
Systems -- 27 Geographic Information Systems and Participatory  
Decision Making -- 28 Surveys of People and Place -- 29 Geographic  
Information Science, Personal Privacy, and the Law -- 30 Geographic  
Information Systems in Education -- Part VII Future Trends and  
Challenges -- 31 Web-based Geographic Information Systems -- 32  
Location-based Services and Geographic Information Systems.  
33 Geographic Information Science: The Grand Challenges -- 34  
Geographic Information Science: Where Next? -- Index.
