Sommario/riassunto

The act of death itself and the rituals surrounding it vary enormously and shed a fascinating light on the cultures of which they are a part. In this brief and lively history, Douglas Davies - internationally acknowledged as one of the leading experts in this field - tackles some of the most significant aspects of death and weaves them into a compelling story about our changing attitudes to dying. Offers a fascinating examination of this subject which is of enduring interest in every culture in the world Considers the profound influence death has had on subjects ranging from ph
