Sommario/riassunto

Cities of Europe is a unique combination of book and CD-ROM examining the effects of recent socio-economic transformations on western European cities. A unique combination of book and CD-ROM examining the effects of recent socio-economic transformations on western European cities. Focuses on the interplay between segregation, social exclusion and governance issues in these cities. Takes a comparative approach by highlighting the specifics of European cities vis-a-vis other urban contexts and analysing the intra-European differences. The CD-ROM fea
