Sommario/riassunto

A simple guide for using Japanese candlesticks correctly, and profitablyCandlesticks have gotten a lot of attention lately, but few traders truly know how to use them wisely and profitably. Without the proper context, candlestick charting won't work. In this book, technical analysis expert Felipe Tudela shares candlestick creator Sokyu Honma's Great Market Cycle theory. With the Great Market Cycle, candlesticks reveal their powerful and simple logic and give traders the insight and context they need to use them successfully. Using these insights, readers will be able to trade each mark
