

1. Record Nr.	UNINA9910146119703321
Autore	McCleanes Gary
Titolo	Pain management [[electronic resource]] : expanding the pharmacological options / / Gary J. McCleanes
Pubbl/distr/stampa	Chichester, England ; ; Hoboken, NJ, : Wiley-Blackwell, 2008
ISBN	1-282-03430-8 9786612034305 1-4443-0079-2 1-4443-0080-6
Descrizione fisica	1 online resource (200 p.)
Disciplina	615.783 615/.783
Soggetti	Analgesics Analgesia Pain - Treatment Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Foreword; 1 Introduction; 2 Conventional Pain Treatment; 3 Using Drugs Outside Their Licensed Indication; Part 1; 4 Topical Nitrates; 5 Topical Tricyclic Antidepressants; 6 Topical Opioids; 7 Topical Local Anesthetics; 8 Topical Glutamate Receptor Antagonists; 9 Topical, Oral, and Perineural -Adrenoreceptor Agonists; 10 Lamotrigine; 11 5HT ₃ Antagonists; 12 Cholecystokinin Antagonists; 13 Parenteral Anti-epileptics; 14 Intravenous Lidocaine; 15 L-Carnitine; 16 Other Pharmacological Options (Botulinum, Cimetidine, Glucosamine); Part 2; 17 Neuropathic Pain 18 Complex Regional Pain Syndrome 19 Joint Pain; 20 Fracture Pain; 21 Postoperative Pain; 22 Fibromyalgia; 23 Muscle Spasm and Pain; 24 Tendinopathies; 25 Low Back Pain; 26 Cancer Pain; Appendix: Suggested Doses and Modes of Administration of Novel Pharmacological Options; Index; A; B; C; D; E; F; G; H; I; K; L; M; N; O; P; Q; R; S; T; U; V; Z
Sommario/riassunto	Conventional pharmaceutical approaches to pain management are not

always successful. Using only those medications that have an official indication for a certain condition reduces substantially the chance of the patient gaining pain relief and may expose them to intolerable side effects. However evidence now exists on the use of other drugs, produced for non-pain conditions, and how they can substantially increase the chances of pain relief. Covering the most recent developments in this field, McCleane offers an alternative solution to pain treatment when conventional treatments fail.

2. Record Nr.	UNINA9910815560103321
Autore	Deterding David
Titolo	Misunderstandings in English as a lingua franca : an analysis of ELF interactions in SouthEast Asia / / by David Deterding
Pubbl/distr/stampa	Boston ; ; Berlin : , : De Gruyter, , [2013] ©2013
ISBN	3-11-028859-1
Descrizione fisica	1 online resource (218 p.)
Collana	Developments in English as a Lingua Franca [DELF] ; ; 1 Developments in English as a lingua franca ; ; 1
Disciplina	427.959
Soggetti	English language - Study and teaching - Southeast Asia English language - Variation - Southeast Asia
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	Frontmatter -- Table of contents -- List of abbreviations -- Transcription conventions -- Chapter 1. Introduction -- Chapter 2. ELF, intelligibility and misunderstandings -- Chapter 3. Data and methodology -- Chapter 4. Pronunciation -- Chapter 5. Lexis, grammar and code-switching -- Chapter 6. Repairs -- Chapter 7. Implications for pedagogy -- Appendix. The tokens of misunderstanding in CMACE -- References -- Author Index -- Subject Index
Sommario/riassunto	This book explores the nature and causes of misunderstandings in ELF interactions. It is based on a corpus of conversations between English

speakers from south and east Asia that helps us investigate what causes misunderstandings, particularly the pronunciation, grammar, word choice, and discourse. The book also considers how such misunderstandings may be signalled and repaired. Finally, it discusses the implications for teaching English around the world and offers guidance to teachers in enabling their students to become highly intelligible.
