

1. Record Nr.	UNINA9910146125703321
Titolo	The AHA guidelines and scientific statements handbook [[electronic resource] /] / edited by Valentin Fuster
Pubbl/distr/stampa	Chichester, UK ; ; Hoboken, NJ, : Wiley-Blackwell, 2009
ISBN	1-282-00784-X 9786612007842 1-4443-0347-3 1-4443-0348-1
Descrizione fisica	1 online resource (388 p.)
Altri autori (Persone)	FusterValentin
Disciplina	616.1/2 616.12
Soggetti	Heart - Diseases - Treatment Cardiology Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Contents; List of Contributors; Preface; 1: Chronic Stable Angina; 2: Unstable Angina /Non-ST-Elevation Myocardial Infarction; 3: ST-Elevation Myocardial Infarction; 4: Cardiac Rehabilitation and Secondary Prevention Programs; 5: Secondary Prevention for Patients With Coronary and Other Atherosclerotic Vascular Disease; 6: Percutaneous Coronary Intervention; 7: Coronary Artery Bypass Graft Surgery; 8: Perioperative Cardiovascular Evaluation and Care for Noncardiac Surgery; 9: Lower Extremity Peripheral Artery Disease; 10: Cholesterol Management in the Context of Risk Factor Profile 11: Hypertension12: Cardiovascular Disease Prevention in Women; 13: Heart Failure; 14: Cardiomyopathies; 15: Atrial Fibrillation; 16: Supraventricular Arrhythmias; 17: Ventricular Arrhythmias and Sudden Cardiac Death; 18: Valvular Heart Disease; 19: Infective Endocarditis; 20: Cardiac CT Imaging; Appendix: Update on Coronary Artery BypassSurgery: Current and Future Trends; Other Statements Published in 2008; Index; COI Table
Sommario/riassunto	Society-sanctioned guidelines on care are valuable tools, but accessing

key information from the often complicated statements has been a daunting task. Now, practitioners and their institutions have a clear path to successful application of guidelines from the American Heart Association. This book outlines the key AHA guidelines, Statements, and Performance Measures and includes comparisons with the associated European guidelines. This book also has a strong online component, which will alert users who sign up to new updates to the guidelines and other relevant information. It will also have I

2. Record Nr.	UNINA9910557338003321
Autore	Trianni Andrea
Titolo	Enhancement of Industrial Energy Efficiency and Sustainability
Pubbl/distr/stampa	Basel, Switzerland, : MDPI - Multidisciplinary Digital Publishing Institute, 2021
Descrizione fisica	1 online resource (294 p.)
Soggetti	Research & information: general Technology: general issues
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Industrial energy efficiency has been recognized as a major contributor, in the broader set of industrial resources, to improved sustainability and circular economy. Nevertheless, the uptake of energy efficiency measures and practices is still quite low, due to the existence of several barriers. Research has broadly discussed them, together with their drivers. More recently, many researchers have highlighted the existence of several benefits, beyond mere energy savings, stemming from the adoption of such measures, for several stakeholders involved in the value chain of energy efficiency solutions. Nevertheless, a deep understanding of the relationships between the use of the energy resource and other resources in industry, together with the most important factors for the uptake of such measures-also in light of the

implications on the industrial operations-is still lacking. However, such understanding could further stimulate the adoption of solutions for improved industrial energy efficiency and sustainability.
