

1. Record Nr.	UNINA9910146146103321
Titolo	Urogenital imaging [[electronic resource]] : a problem-oriented approach // edited by Sameh Morcos and Henrik Thomsen
Pubbl/distr/stampa	Chichester, West Sussex ; ; Hoboken, NJ, : John Wiley & Sons, 2009
ISBN	1-282-12327-0 9786612123276 0-470-74110-4 0-470-74111-2
Descrizione fisica	1 online resource (475 p.)
Altri autori (Persone)	MorcosSameh K ThomsenHenrik Klem
Disciplina	616.6/0754 616.6075
Soggetti	Genitourinary organs - Imaging Genitourinary organs - Diseases - Diagnosis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Urogenital Imaging; Contents; Foreword; Preface; Contributors; 1 Adrenal Imaging; 1.1 Introduction; 1.2 Cushing's syndrome; 1.3 Primary hyperaldosteronism; 1.4 Pheochromocytoma; 1.5 Adrenal cortical carcinoma; 1.6 Adrenal incidentaloma; 2 Retroperitoneal Masses; 2.1 Introduction; 2.2 Retroperitoneal anatomy; 2.3 Pathological conditions; 2.4 Primary solid retroperitoneal tumors; 2.5 Retroperitoneal lymphoma; 2.6 Cystic retroperitoneal masses; 2.7 Retroperitoneal metastases; 2.8 Retroperitoneal fibrosis (Ormond's disease); 2.9 Retroperitoneal fluid collections (traumatic and non-traumatic) References 3 Imaging of Renal Artery Stenosis; 3.1 Introduction; 3.2 Clinical features; 3.3 Pathology; 3.4 Imaging of suspected renal artery stenosis; References; 4 Renal Masses; 4.1 Introduction; 4.2 Symptomatic renal carcinoma; 4.3 Incidental renal masses; 4.4 Patients with a known cancer (other than RCC); 4.5 Renal mass in patients with symptoms; 4.6 Vascular lesions presenting as a renal mass; 4.7 Renal mass in patients with cystic disease; 4.8 Treatment; References; 5 Non-

neoplastic Renal Cystic Lesions; 5.1 Introduction; 5.2 Classification; 5.3 Cystic lesions affecting renal cortex
5.4 Cystic lesions of renal medulla5.5 Cystic diseases affecting both the cortex and medulla; References; 6 Urological and Vascular Complications Post-renal Transplantation; 6.1 Introduction; 6.2 Vascular complications; 6.3 Urological complications; 6.4 Ureteric strictures; 6.5 Post-transplant lymphocele; 6.6 Delayed graft function (DGF); 6.7 Post-transplant bladder malignancy; References; 7 Urinary Tract Injuries; 7.1 Introduction; 7.2 Renal trauma; 7.3 Adrenal trauma; 7.4 Ureteral trauma; 7.5 Bladder trauma; 7.6 Urethral trauma; 7.7 Penile and scrotal trauma; References
8 Urinary Tract Infections8.1 Symptomatic urinary tract infection in children; 8.2 Symptomatic upper urinary tract infection in adults; 8.3 Emphysematous pyelonephritis; 8.4 Xanthogranulomatous pyelonephritis; 8.5 Urinary tract infection in the immunocompromised patient; 8.6 Tuberculosis; 8.7 Schistosomiasis; 8.8 Hydatid disease (echinococcosis); 8.9 Urethritis; References; 9 Imaging of the Genitourinary System - Urolithiasis; 9.1 Introduction; 9.2 Pathology; 9.3 Clinical features; 9.4 Evaluation of patients with suspected urinary stones; 9.5 Treatment; 9.6 Imaging; References; 10 Hematuria
10.1 Definition10.2 Clinical considerations; 10.3 Diagnosis of hematuria; 10.4 Epidemiology; 10.5 Distribution of malignancy in patients with hematuria; 10.6 Imaging; 10.7 Summary; References; 11 Bladder Cancer; 11.1 Introduction; 11.2 Clinical features; 11.3 Pathology; 11.4 Imaging findings; 11.5 Treatment planning; 11.6 Post-treatment Imaging; 11.7 Summary; References; 12 Imaging of Urinary Diversion; 12.1 Introduction; 12.2 Indications for urinary diversion; 12.3 Types of urinary diversion; 12.4 Non-continent cutaneous form of diversion
12.5 Continent cutaneous urinary diversion (Continent Catheterizing Pouches)

Sommario/riassunto

Organised according to presenting signs, with discussion of appropriate investigations
Outlines strengths and weaknesses of different imaging modalities and discusses appropriate choice of technique in each instance
Reviews differential diagnoses and corroborative tests
