Sommario/riassunto	Important insights into effective option strategiesIn The Complete Guide to Option Strategies, top-performing commodity trading advisor Michael Mullaney explains how to successfully employ a variety of option strategies, from the most risky--selling naked puts and calls--to more conservative strategies using covered positions. The author covers everything from options on stocks, exchange-traded funds, stock indexes, and stock index futures to essential information on risk

management, option "Greeks," and order placement. The book provides numerous tables and graphs to benefit beginni
