Sommario/riassunto	Praise for Commodity Strategies""I have read many books on Point & Figure charting, but this is the first in its category-on the application of the time-tested methodology of Point & Figure charting, in particular, the concept of 'relative strength,' to pick outperforming commodities as well as to achieve diversification of non-correlated assets. If you are looking for a profitable and comprehensive methodology to making money from the commodity and currency markets and ETFs, look no further-you have found it. This book has it all.""-Fred Tam, MPhil, CFTe, MSTa, lecturer in technic
