

1. Record Nr.	UNINA9910146875503321
Titolo	IEEE recommended practice for electric power distribution for industrial plants // sponsor, Power Systems Engineering Committee of the Industrial and Commercial Power Systems Department of the IEEE Industry Applications Society
ISBN	1-55937-333-4
Disciplina	621.319/24
Soggetti	Factories - Power supply Electric power distribution - Alternating current
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
