## Sommario/riassunto

Master the written aspects of Italian? Easy. Grammar is one of the most difficult aspects to master when learning a language. The various parts of speech, verb tenses, conjugations, and moods are the building blocks of the Italian language, and must be thoroughly understood in order to be truly fluent. Italian Grammar For Dummies is your first step toward mastering the written aspects of Italian. By emphasizing the complicated conjugations and grammar rules, taking a narrower focus to improve comprehension, and enabling you to practice using the concepts right in the book

## Sommario/riassunto

Through a study of the British Empire's largest women's patriotic organisation, formed in 1900, and still in existence, this book examines the relationship between female imperialism and national identity. It throws new light on women's involvement in imperialism; on the history of 'conservative' women's organisations; on women's interventions in debates concerning citizenship and national identity; and on the history of women in white settler societies.
