Nota di contenuto	Origins and development of Congress --Congressional elections --Representatives and Senators --The committee system --Parties in Congress --Floor deliberations and beyond --President and Congress --Congress, the media and interest groups --Assessing the US Congress.
Sommario/riassunto	The role of Congress is essential to any study of American government and politics. This introductory text, aimed at undergraduate students, looks at the workings of the US Congress and uses the Republican period of ascendancy (1994-2000) as an example of how the Congress works in practice.
