

1. Record Nr.	UNINA9910147229503321
Titolo	American National Standard for AC High-Voltage Circuit Breakers - Rated on a Symmetrical Current Basis - Preferred Ratings and Related Required Capabilities : ANSI C37.06-2000 // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	New York : , : Institute of Electrical and Electronics Engineers, , 2002
Descrizione fisica	1 online resource (36 pages)
Disciplina	338.47621312
Soggetti	Electric circuit-breakers - Standards
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This standard is a revision of ANSI C37.06-1997. It reflects small editorial changes needed to coordinate with the final wording contained in the defining standards ANSI/IEEE C37.04-1999 and ANSI/IEEE C37.09-1999. Some ratings have also been updated. Because this revision is primarily editorial in nature, this Foreword describes the substantive and editorial changes between this revision and the 1987 version. The format of the tables remains very much the same, except that some ratings, which had been given in the notes (sometimes on a different page from the table of preferred ratings), have been listed explicitly in the tables.
