Disciplina	327.73051
Soggetti	United States Foreign relations Asia Asia Foreign relations United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references (pages 351-384) and index.
Nota di contenuto	The Pivot defined : the origins, successes, and critiques of an Asian gambit -- The stage for the Pivot : the stakes and dimensions of a rising Asia -- Patterns preceding the Pivot : historical themes in American ties to Asia -- The Pivot's antecedents : the recurring elements of American strategy in Asia -- The Pivot and the Asian future : guiding the choices of a changing region -- The plan for the Pivot : fashioning a ten-point American strategy for Asia -- Risks to the Pivot's promise: challenges to America's Asia strategy -- Implementing the Pivot : the lessons of modern diplomacy -- Conclusion.
Sommario/riassunto	"There is a quiet drama playing out in American foreign policy far from the dark contours of upheaval in the Middle East and South Asia and the hovering drone attacks of the war on terror. The United States is in the midst of a substantial and long-term national project, which is proceeding in fits and starts, to reorient its foreign policy to the East. The central tenet of this policy shift-- aka The Pivot--is that the United States will need to do more with and in the Asia-Pacific hemisphere to help revitalize its own economy, to realize the full potential of the region's dramatic innovation, and to keep the peace in the world's most dynamic region where the lions' share of the history of the twenty-first century will be written. This book is about a necessary course correction for American diplomacy, commercial engagement, and

military innovation during a time of unrelenting and largely unrewarding conflict. While the United States has intensified its focus on the Asia-Pacific arena relative to previous administrations, much more remains to be done. THE PIVOT is about that future. It explores how the United States should construct a strategy that will position it to maneuver across the East and offers a clarion call for cunning, dexterity, and ingenuity in the period ahead for American statecraft in the Asia-Pacific region."--From Amazon.com.
