Sommario/riassunto

Nicholas Hagger's 'The Secret American Destiny' explores the concept of a unified world culture and the establishment of a World State. Drawing upon his previous works and philosophical insights, Hagger examines the historical and cultural evolution of global governance, emphasizing the role of America in leading this transformation. He reflects on the dialectical synthesis of global culture, combining rational and intuitive thinking. The book aims to inspire global unity through America's spiritual and political leadership, envisioning a democratic world government as a solution to prevent future conflicts. The intended audience includes readers interested in philosophy, history, and global politics.
