Sommario/riassunto	Private Investigator Chance Purdue and Brandy Alexander work in tandem on a case that finds them traveling to the Illinois town of Radish River. The CIA continues to need help putting a stop to the DADA (Destroy America, Destroy America) Conspiracy, a terrorist organization whose latest plot is completely under wraps, except that it promises immense destruction. Things prove difficult for Chance and Brandy as they do what they can to remain focused on the task at hand. But it's hard when distractions from football-playing gorillas, chariot races, copious booze--and especially each other--weave in and out of their lives and keep this case on the back burner.
