Sommario/riassunto	Gant and Shale become part of the mercenary group called Kailen's Twenty. They gave no quarter, shaking the pillars of the world through cunning, chemical brews, and cold steel. Whoever met their price won. Now, with their glory days, behind them, they are scattered to the wind. Kailen, their genius leader, is in hiding, and the Twenty are being hunted down and eliminated. And as Gant lay dying, he recounts a record of what became of the greatest mercenary crew ever to take a purse.
