Sommario/riassunto	'Smart and unashamedly fun... A real romantic treat'-HeatIs it possible to freecycle love?Modern dating is hard, especially when all you meet are liars, oddballs, men who wear Superman pants and men who live with their mums.So why not date someone who already comes pre-approved? Why not recycle people you've dated and share them with your friends? That's Marnie's new plan for herself and her three best friends, perennially single Helen, recently divorced Rosa and cynical lawyer Ani.What could possibly go wrong?Through bad dates and good, the four friends are starting to realise that dating your friend's exes - and falling for them - can come with some serious pitfalls.'A fresh take on modern romance' - Sunday Mirror
