Sommario/riassunto	<p>Othello, the Moor of Venice is a tragedy by William Shakespeare, believed to have been written in approximately 1603, and based on the Italian short story "Un Capitano Moro" ("A Moorish Captain") by Cinthio, a disciple of Boccaccio, first published in 1565. Othello revolves around four central characters: Othello, a Moorish general in the Venetian army; his wife Desdemona; his lieutenant, Cassio; and his trusted ensign Lago. Because of its varied and current themes of racism, love, jealousy, and betrayal Othello is still often performed in professional and community theatres alike and has been the basis for numerous operatic, film, and literary adaptations.</p>
