Sommario/riassunto	<p>What made a failed Austrian artist into the most reviled and destructive personality of the twentieth century? Where did the seeds of his rabid anti-Semitism lie? How did a marginalized loner become such a moving force in Germany? How could a nation have fallen for such a fanatic? What made him so determined to bring about war? Through manipulation of politicians and civilians, bullying, diplomacy, violence, and lies, Hitler achieved a total and unlikely power. Covering his early life, military service in World War I and eventual rise to power-first as the leader of the Nazi party, and then head of state-Hitler: History in an Hour describes the life of a man who spent his final days inside a bunker having plunged the world into a global conflict, the bloodiest in history.
