Sommario/riassunto	Collins brings the Queen of Crime, Agatha Christie, to English language learners. Agatha Christie is the most widely published author of all time and in any language. Now Collins has adapted her famous detective novels for English language learners. These carefully abridged versions are shorter with the language targeted at learners of English. When Colonel Protheroe is found murdered in the vicar's study, it seems that almost everyone in the village of St Mary Mead had a motive to kill him. This is the first case for Agatha Christie's legendary female detective, Miss Marple. She needs to use all her powers of observation and deduction to solve the mystery.
