Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	<p>Storytelling is relationship. Stories become the threads that bind a family. We all tell stories about our experiences and daily life. When we die, it is our stories that are remembered. Family stories remembered and shared help the family, and the individuals who comprise it, to survive and flourish. Storytelling within the family provides quality time; creating bonds, increasing listening skills, and fostering communication. Enrich your family life, connect with your children, and celebrate your ancestors by learning to tell family stories, folktales, and nursery rhymes. Telling Tales: Storytelling in the Family is a fascinating guide to the art of gathering and telling stories. Written by three renowned storytellers, Telling Tales includes personal stories, how-to tips and extensive resource lists, and builds upon the success of the acclaimed first edition. Storytelling is contagious. Telling stories helps us make sense of what is happening around us and within ourselves. Stories are our powerful gift to the younger generation.</p>
