Note generali	Refereed/Peer-reviewed Title from title page (SpringerLink, viewed Apr 12, 2007).
Sommario/riassunto	Logica Universalis (LU) publishes peer-reviewed research papers related to universal features of logics. Topics include general tools and techniques for studying already existing logics and building new ones, the study of classes of logics, the scope of validity and the domain of application of fundamental theorems, and also philosophical and historical aspects of general concepts of logic.
