| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Nota di contenuto | Water farming -- Ocean and pond -- Feeding time -- Farm fish. |
| Sommario/riassunto | Farmers take care of more than just plants and land animals. Fish farms are a major food source that's often overlooked. These amazing places are found in the ocean, in big ponds, or even tanks that farmers keep a watchful eye on to make sure fish grow and stay healthy. Through vibrant, full-color photographs and accessible text, budding readers will explore the world of fish farming, the types of fish that live in these farms, and how these amazing animals are fed in their aquatic homes. |
