Descrizione fisica	1 online resource (360 pages) : : 43 figures
Disciplina	612/.1/0924
Soggetti	General Medicine History of Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	A Karger 'Publishing Highlights 1890–2015' title
 By his discovery of the circulation of the blood, Harvey laid the foundation of scientific biology and medicine. And yet Harvey was the child of a pre-rationalistic age. He was the life-long thinker on the purpose and indeed the mystery of circular phenomena: the circulation of the blood on the one hand and the cycle of generation on the other, both forming the microscopic copy of a cosmological pattern. Walter Pagel's easy-to-read introduction to the man, his ideas and his times makes fascinating and illuminating reading.
