Sommario/riassunto	Financial Times Guide to Income Investing is the complete reference guide for all investors wanting their shares and investments to provide market beating and continuous income. This book provides you with the necessary tools of the trade so you can work out the best strategy to follow guiding you through the mainstream, and not so mainstream, investment vehicles. Beginning with an introduction describing the basics of risk, return, volatility, structure, inflation and investing, the book introduces the simplest and safest products and funds before moving on to those higher risk strategies that will pay the highest income.
