Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	pt. 1. Women and work -- pt. 2. Women and identity -- pt. 3. Formations of women's television -- pt. 4. Women and the home.
Sommario/riassunto	Television for Women brings together emerging and established scholars to reconsider the question of 'television for women'. In the context of the 2000s, when the potential meanings of both terms have expanded and changed so significantly, in what ways might the concept of programming, addressed explicitly to a group identified by gender, still matter? This book presents ground-breaking research on historical and contemporary relationships between women and television around the world.
