Nota di contenuto	Che, Chevys, and Hemingway's daiquiris : Cuban tourism in transition -- Recycled sandalistas : from revolution to resorts in the new Nicaragua -- Forgetting the past : Andean cultural tourism after the violence -- Remembering the revolution : indigenous culture and Zapatista tourism -- Sex and sentiment in Cuban and Nicaraguan tourism -- Race, gender, and cultural tourism in Andean Peru and Chiapas, Mexico -- Conclusion: post-tourism and nationhood.
Sommario/riassunto	This book considers the recent growth of tourism in transitional societies in Latin America and the Caribbean. Research in Cuba, Mexico, Nicaragua, and Peru reveals that tourism often takes up where social transformation leaves off and may even benefit from the formerly off-limits status of nations that have undergone periods of conflict or rebellion.

## Sommario/riassunto

War has always been a dangerous business, bringing injury, wounds, and death, and--until recently--often disease. What has changed over time, most dramatically in the last 150 or so years, is the care these casualties receive and who provides it. This book looks at the history of how humanity has cared for its war casualties and veterans, from ancient times through the aftermath of World War II.
