Sommario/riassunto	The minimally-invasive or endoscopic mitral valve surgery is one of the most attractive and most interesting areas of the modern heart surgery. The book describes first all practical steps necessary in a clinic from the idea of the introduction of the minimally-invasive mitral valve surgery up to practical realization of the operation program. The initial explanation of organizational and financial aspects allows an exact resource planning and protects against wrong expectations and failures. An extensive and detailed representation of the reconstruction technologies possible today as well as the specific features of her endoscopic application allow quick learning of the surgical technology. Numerous tips and tricks and informative pictures of the most frequent findings and the accompanying reconstruction technologies underline the practical orientation of the book.

Sommario/riassunto	The groundbreaking and widely praised novel about a school shooting, from the acclaimed author of <i>Monster</i> . Multiple narratives, a personal journal, and newspaper and police reports add perspective and pull readers into the story. "Questions of guilt and innocence drive the plot and stay with the reader," said Hazel Rochman in a starred Booklist review. "Highly readable." "A haunting story that uncovers the pain of several high school students," according to Teenreads.com. "It explores the tragedies of school violence and how the result of bullying can go to the most dramatic extreme. Myers has a gift for expressing the voices of his characters. <i>Shooter</i> is not a light read, but it will leave you reeling."
