Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	This study, first published in 1993, traces the path of women toward intellectual emancipation from eighteenth-century precedents, through the hard-won access to college education in the nineteenth-century, to the triumphs of the early 1900s. The author compares women's experiences in both the US and England, and will be of interest to students of history, education and gender studies.
