

1. Record Nr.	UNINA9910153091503321
Autore	Arnett Jeffrey Jensen
Titolo	Adolescence and emerging adulthood // Jeffrey Jensen Arnett
Pubbl/distr/stampa	Harlow, Essex : , : Pearson Education Limited, , [2014] ©2014
ISBN	1-292-05171-X
Edizione	[Fifth edition, Pearson new international edition.]
Descrizione fisica	1 online resource (398 pages)
Collana	Always learning
Disciplina	305.235
Soggetti	Adolescence Teenagers Young adults
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	<p>Helps students understand how culture impacts development in adolescence and emerging adulthood. Grounded in a global cultural perspective (within and outside of the US), this text enriches the discussion with historical context and an interdisciplinary approach, including studies from fields such as anthropology and sociology, in addition to the compelling psychological research on adolescent development. This book also takes into account the period of "emerging adulthood" (ages 18-25), a term coined by the author, and an area of study for which Arnett is a leading expert. Arnett continues the fifth edition with new and updated studies, both U.S. and international. MyDevelopmentLab is an integral part of the Arnett program. Key learning applications include a personalized study plan, MyDevelopmentLab Video Series, and MyVirtualTeen. A better teaching and learning experience This program will provide a better teaching and learning experience- for you and your students. Here's how: Personalize Learning - MyDevelopmentLab is online learning. MyDevelopmentLab engages students through personalized learning and helps instructors from course preparation to delivery and assessment. Improve Critical Thinking - Students learn to think critically about the influence of culture on development with</p>

pedagogical features such as Culture Focus boxes and Historical Focus boxes. Engage Students - Arnett engages students with cross cultural research and examples throughout. MyVirtualTeen, an interactive simulation, allows students to apply the concepts they are learning to their own "virtual teen." Explore Research - "Research Focus" provides students with a firm grasp of various research methods and helps them see the impact that methods can have on research findings.

Support Instructors - This program provides instructors with unbeatable resources, including video embedded PowerPoints and the new MyDevelopmentLab that includes cross-cultural videos and MyVirtualTeen, an interactive simulation that allows you to raise a child from birth to age 18. An easy to use Instructor's Manual, a robust test bank, and an online test generator (MyTest) are also available. Click here for a short walkthrough video on MyVirtualTeen! <http://www.youtube.com/playlist?list=PL51B144F17A36FF25&feature=plcp>
